CSCP

CERTIFIED SUPPLY CHAIN PROFESSIONAL

INSTRUCTOR-LED COURSES

Prepare for your APICS CSCP Exam with Expert Guidance

The APICS Certified Supply Chain Professional (CSCP) provides a comprehensive body of knowledge, best practices and standards for those in supply chain. Earning the APICS CSCP makes you a recognized expert in the supply chain field. This professional distinction sets you apart from your colleagues, proving your high level of knowledge and skills.

After earning your CSCP you will be able to:

- Help your company reach its ideal supply chain state
- Use data to link production, distribution, purchasing and service
- Reduce waste in supply chains
- Identity and classify supply chain risk and develop risk response plans
- Improve communications throughout the supply chain

EXPERT LEADERSHIP AND GUIDANCE

Join a course with an experienced instructor

Our certification preparation courses utilize the APICS CSCP Learning System, giving you access to the most comprehensive, effective, and up-to-date exam preparation tools available.

BENEFITS OF AN INSTRUCTOR-LED COURSE

- Learn from an experienced instructor who provides expertise, insights, and one-on-one guidance
- Network, share experiences, and discuss topics with a diverse group of professionals
- Stay on track to earn your certification with a structured learning experience

In addition to the guidance you'll receive in the classroom, you will also receive the APICS CSCP Learning System. The Learning System provides access to both printed and digital materials. The online platform also includes learning activities, a personalized study experience, microlearning, and convenient access to reading materials.

CSCP

CERTIFIED SUPPLY CHAIN PROFESSIONAL

PREPARATION DESIGNED FOR SUCCESS

The CSCP Learning System is divided into eight modules across two books.

Module 1: Supply Chains, Demand Management, and Forecasting

Module 2: Global Supply Chain Networks

Module 3: Sourcing Products and Services

Module 4: Internal Operations and Inventory

Module 5: Forward and Reverse Logistics

Module 6: Supply Chain Relationships

Module 7: Supply Chain Risk

Module 8: Optimization, Sustainability, and Technology

There is one CSCP exam that consists of 150 questions answered in 3.5 hours. You receive your results immediately after completing the exam. APICS Instructors have helped professionals all around the globe prepare successfully for their CSCP exam.

HOW WILL I STUDY?

The CSCP Learning System incorporates three components to help you apply the concepts and test your understanding and retention of the information.

- Assess
- Study
- Practice

Begin preparing for your CSCP certification today!

With the CSCP certification you will know the latest best practices to elevate your job performance and help you take advantage of common technologies. The knowledge you gain through your studying will help you drive improvement in your organization, maximize the efficiency of planning and operations and improve the bottom line.
