

CERTIFIED IN LOGISTICS, TRANSPORTATION AND DISTRIBUTION (CLTD)

For more than 60 years, APICS has demonstrated a commitment to global supply chain excellence. Now part of ASCM we're proud to offer CLTD, the globally recognized logistics, transportation and distribution program that you've come to trust.

As an APICS CLTD designee, you will have the skills and knowledge it takes to get noticed by employers and stand out from your peers. Earning the APICS CLTD certification will demonstrate your commitment to advancing both your career and your company's operations.

Certification designed with you in mind

CLTD is designed for logistics, transportation and distribution professionals across all industries, especially:

- Logistics managers/engineers
- Supply chain logistics managers
- Traffic managers
- Transportation/fleet managers
- Warehouse operations/distribution managers
- Reverse logistics managers

Professional growth begins here

- **Career Advancement.** Designees on average earn 27 percent more than their counterparts without an APICS certification.
- **Increased credibility.** CLTD increases your knowledge and skills helping you to stand out from your peers.
- **Boost your confidence** and become recognized as a logistics expert.

Professional opportunities

Your investment will continue to reward your efforts; your certification goes where you go and leads to recognition and respect for your abilities as a logistics professional.

CLTD exam preparation

APICS has designed several learning options to suit different learning styles, schedules, group sizes, and locations and each learning option utilizes the APICS CLTD Learning System.
